

Community Health Champions Alumni Association Committee Responsibilities - 2020

All Alumni Association members are required to participate in a call-in meeting every other month, or as scheduled by Central Health in addition to committee meetings - as scheduled by Committee Chairs.

Events Committee

The main goal of the Events and Programs Committee is to keep all program members (alumni and current participants) involved and engaged through events and activities. These include but are not limited to Lunch n' Learns, information sessions and the annual celebration. If event planning and gathering people is your thing, we'd love to have you on the team.

Communications Committee

The main goal of the Communications Committee is to keep Health Champions informed. Duties will include drafting and sharing important information. The Communications Committee will produce all monthly newsletters and manage the Health Champions Facebook group. New this year is the Health Champions Slack group. This committee will ensure that all important information and updates are shared on this platform. This committee will work closely with the Events Committee to ensure that all communication and messaging is appropriate and timely for each event.

Health Equity Committee

The Health Equity Committee is the newest addition to the Health Champions Alumni Association. The purpose of this committee is to research, evaluate, select and help carry out proposed solutions that support health equity across the Central Health Enterprise. This committee will work closely with incoming cohorts to complete their Level 3 passion assignments (group projects).
